Education Services Letter

Welcome Parents/Guardians to Compass,

Education is an integral component to treatment at Compass. Therefore, we want to ensure that all students, guardians, and parents are informed about all steps for the academic school year. The Compass Education Team is excited about the opportunity to work with your child and always striving to meet their diverse student needs.

We have Imagine Learning and Renaissance, which are online-based programs to support student academics along with a team of licensed educators and other staff. Student engagement is important to their success in our program. Please encourage their participation.

If you have any questions, concerns, or would like to schedule a meeting, call the Education Records Team at 901-758-2002 Ext 220 or Ext 212. You can also send an email to CompassAcademyRequest@uhsinc.com.

There are a few helpful notes listed below depending on the individual student's need.

Tennessee Public Enrolled	*Out-Of-State or Private*	*Homeschool*
<ol style="list-style-type: none"> Students maintain enrollment, and we will contact the school to ensure no truancy issues and send grades/dates of treatment. We use the admission paperwork to know who we will contact. If you plan to transfer, withdraw, etc then please contact the Education Department at 901-758-2002 Ext 220 or Ext 212. 	<ol style="list-style-type: none"> We will contact the school or parents/guardians depending on the information noted on the admission paperwork. Out-of-state/Private typically withdraw/place on hold and become Compass Academy students yet this is subject to change depending on the time of the year and need of the child. 	<ol style="list-style-type: none"> We accommodate most homeschool programming if live sessions are not part of the curriculum. Parents/Guardians typically are paying for these services. Approved Programs: Penn Foster, Time4Learning, and Acellus due to self-paced format. If your program is not listed, then no worries we will be in contact to ensure your child has an education plan while in treatment.

If you need help or clarification, please feel free to contact us!
